COMPUTER AND COMMUNICATION ENGENIRING

Motivated Computer and Communication Engineering, seeking a challenging role in software development . Strong background in programming, and, systems design, with a passion for building efficient and scalable tech solutions.

KEY COMPETENCIES

Frontend Development:HTML,CSS,JavaScipt,React
Backend Development: PHP,MySQL
Responsive Design & Cross-Browser Compatibility

Version Control (Git, GitHub)
Debugging & Problem Solving
Communication & Team Collaboration

PROFESSIONAL EXPERIENCE

Mobation   **Oct 2023 - Dec 2023**

Web Development Intern

 Worked as a Full-stack Developer, focusing on building and maintaining responsive web interfaces using HTML, CSS, JavaScript, PHP and MySQL. Collaborated closely with UI/UX designers to create modern, user-friendly designs. Ensured cross-browser compatibility, optimized performance, and followed Agile development practices while using Git for version control.

Update digital marketing

Full-Stack development   **Jan 2023 - May 2024**

As a Full Stack Developer, I have been involved in designing and developing both the frontend and backend of web applications. On the frontend, I use HTML, CSS, JavaScript to build responsive and interactive user interfaces. On the backend, I work with PHP to develop robust server-side logic, manage databases with MySQL, and create and I ensure seamless integration between frontend and backend components, optimize performance, and follow Agile workflows with version control through Git.

Ogero   **June 2022 - sep2022**

Experienced in civil works and the installation of both underground and aerial cables. Proficient in cable characteristics, site visits (CO-MDF-CC-DP), and mapping. Skilled in earthing techniques and the fundamentals of Wi-Fi protocols (2.4 GHz). Knowledgeable in DSL networks and router configuration, with hands-on experience in developing software. Familiar with VOIP and SIP protocols, as well as emerging technologies like the Internet of Things (IoT) and Artificial Intelligence (AI)

EDUCATION & CERTIFICATIONS

Bachelor of Computer Engineering   **March 2020 - june2023**
Lebanese International University

Master of computer and communication   **Oct 2023 - June 2025 (present)**
Enginering
Lebanese International University
